

Using new text content editor

Adding text:

1. Click on the Add text icon ()
2. Input the text of the content. Options available for the text content are Bold, Italic, Underlined, Left, Center, Right, and Justified alignments, and Link

Adding a list:

1. Click on the Add list icon ()
2. Input the text of the list item in the space provided. As for now only static text can be added to the list items, but in the next versions the ability to add HTML text will be possible.
3. To add another item, click the green plus icon ().
4. To switch from a bulleted list to numbered list click the number list icon () after the plus icon. And to revert back to a bulleted list from a numbered list click the bullet list icon () also after the plus icon.

Adding a table:

1. Click on the Add table icon ().
2. Input the text of the table cells in the spaces provided.
3. To add another column, click on the add column icon (). The new column will be added to the right of the column where the clicked icon is located.
4. To add another row, click on the add row icon (). The new row will be added at the bottom of the row where the clicked icon is located.
